### **BUREAU CIRCULAR NO. 1447**

To All Members of the Bureau:

Re: **FEBRUARY 1, 2003 "F"-CLASSIFICATION FILING**

Please be informed that the Bureau has submitted a rating value filing for Pennsylvania "F"-Classifications with a proposed effective date of February 1, 2003. That filing, Proposal C-344, proposes an overall average rate increase of 10.52 percent. Tables of current rates (approved effective October 1, 2000) and proposed February 1, 2003 rates are attached to this circular for reference.

The United States Harborworkers' Compensation Coverage Percentage, currently 78.7 percent, is proposed to change to 79.3 percent, and the tax multiplier applicable to F-Classification business is proposed to change from 1.2469 to 1.2692, both effective February 1, 2003.

Policies issued with effective dates on and after February 1, 2003 must be qualified as carrying tentative rates, and the Pending Rate Change Endorsement is to be used for this purpose. Note that such policies issued at current rates or on a "to be determined" basis must be endorsed subsequently with the new carrier rates.

The filing will be available on the Bureau's website ([www.pcrb.com](http://www.pcrb.com)) within ten days of the distribution of this circular.
