PCRB CIRCULAR NO. 1697

To All Members of the PCRB:

RE: MEDICAL DATA ACTIVITY REPORTS

The PCRB is pleased to announce the release of the **Workers Compensation Medical Activity Report** for Pennsylvania by Service Year. This report is intended to be one of several resources available to stakeholders, including regulators, to provide annual assessments and insights into potential medical cost drivers that impact the Pennsylvania workers compensation system. At the end of each calendar year, the PCRB will publish the results for the prior complete service year. However, as part of this initial publication, the PCRB has published the medical activity for both Service Years 2015 and 2016 to allow for comparisons. In December of 2018, the PCRB will publish the medical activity for Service Year 2017.

The **Medical Data Activity Reports** have been posted on the PCRB website (www.pcrb.com) under the “Data Reports/Special Studies”.

The PCRB welcomes feedback and encourages stakeholders to also view the **PCRB State Activity Report**, which provides additional insights on the Pennsylvania workers compensation system and marketplace.

For more information regarding these reports please contact Bonnie Piacentino – Senior Vice President at (215) 320-4456 or at bpiacentino@pcrb.com.
