### **PCRB CIRCULAR NO. 1762**

To All Members of the PCRB:

Re: **APRIL 1, 2021 LOSS COST FILING (ADDENDUM) APPROVAL**

Coinciding with the approval of Filing C-378, the annual loss cost filing effective April 1, 2021, 13 temporary staffing classification codes were discontinued as a result of the previous approval of PCRB Filing No. 311, also effective April 1, 2021.

The experience for risks in those 13 temporary staffing classifications could not be reassigned to any new or continuing classifications. As a result, for experience rating purposes, the exposures and losses previously reported for those classifications will continue to be used for several years in determining experience modification factors.

Due to this, expected loss factors were calculated in an addendum filing to the annual April 1, 2021 loss cost filing and will be applied to those 13 classifications in the calculation of experience modification factors for policies with rating effective dates on or after April 1, 2021.

The addendum filing made to Filing C-378 was approved by the Pennsylvania Insurance Commissioner on February 25, 2021.

This filing is available at [www.pcrb.com](http://www.pcrb.com) in the "Filings" section. Manual revisions reflecting the expected loss factors for the 13 classes, which are attached for your immediate reference, will be updated on our website at a later date.
